

PR-SS-05 Snap & Glue Magnetic Clamps Set

2 X 90 Degree Clamps, 2 X Adjustable Angle Clamps

The best tools and your "Third Hands" for gluing your projects with ease.

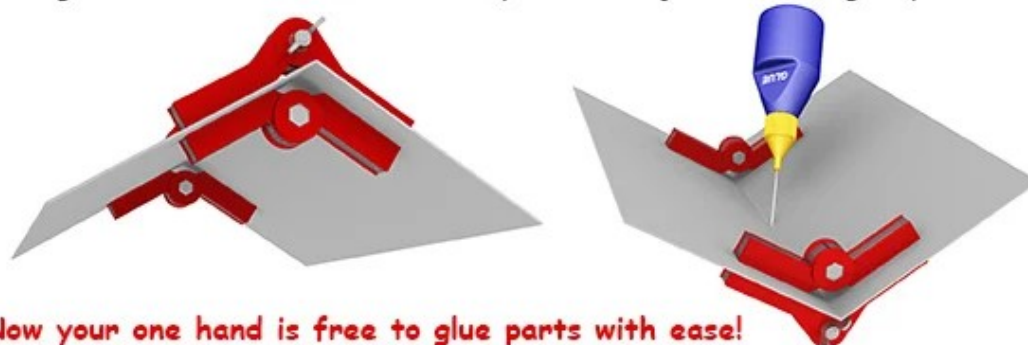

Adjust the angle of outer arms and fix the wing-nut as in picture.

Place the parts to be glued in between the magnetic holders.

Inner arms will get into correct angle automatically.

Magnets inside the arms move freely to auto adjust the strongest positions.

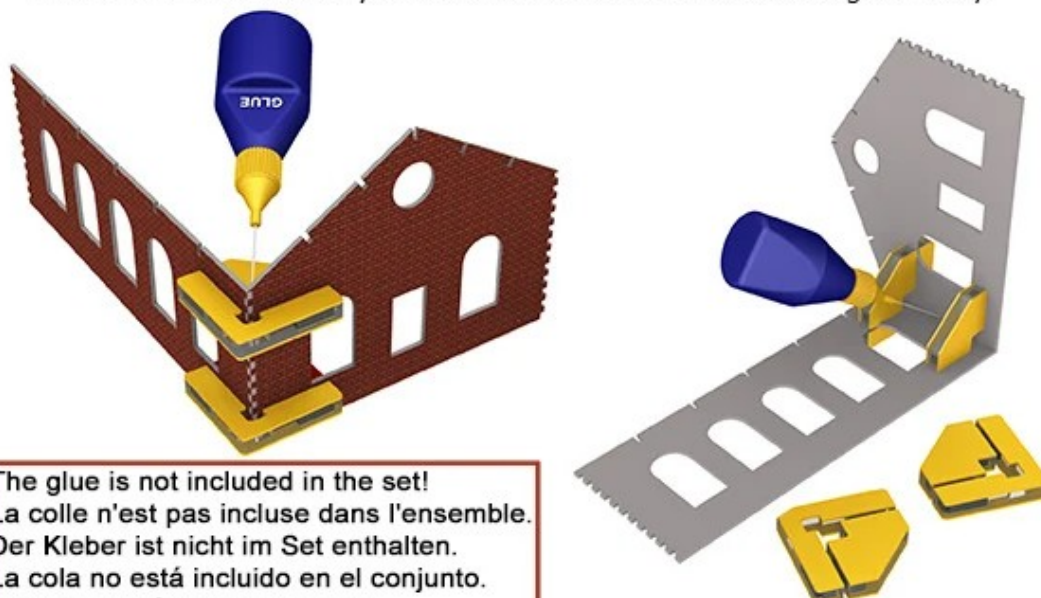

Now your one hand is free to glue parts with ease!

Using the 90 degree magnetic clamps is as easy as "abc".

Place the parts to be glued in between the magnetic holders as in picture.

Hold the structure with your one hand and use the other to glue freely.

The glue is not included in the set!
